USER GUIDE

Owner Portal Guide

Your cars, your money and your paperwork, in one place.

Drive your carma.

October 2026 edition

BEFORE YOU BEGIN

Start here

Who this guide is for

Owners who list one or more cars with CarmaCars, whether Managed, Self-managed or Turo only. Your portal shows each car, its bookings, your invoices, statements and payouts, and every form to sign.

What you need

- The email address you applied or were invited with
- Each car's VIN, ownership permit and insurance details
- A Canadian bank account for your fees and payouts

SIGN IN AT

carmacars.ca/sign-in?next=/owner

You land on Home in your owner portal.

Your first sign-in

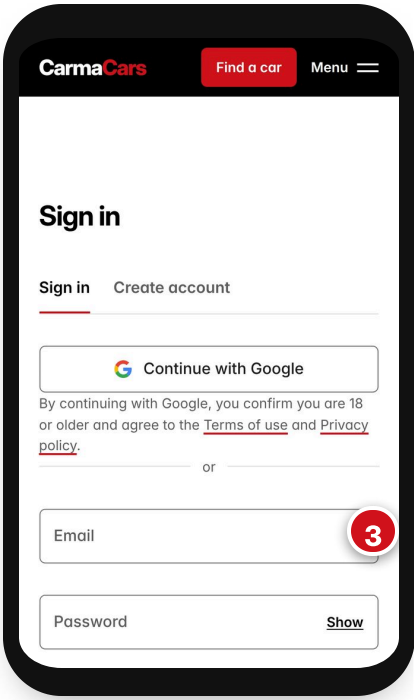

1 New to CarmaCars? Apply at carmacars.ca/list-your-car. Your account is made at the end of the application: open the email "Confirm your CarmaCars account" within 24 hours and its link opens your owner portal.

2 Invited by us? Open the invitation email within 24 hours, choose a password and press **Save the new password**.

3 Next time, go to carmacars.ca/sign-in, enter your Email and Password and press **Sign in**.

4 Forgot your password? Press **Forgot your password?** on the sign-in page and follow the email.

5 Rather use your phone? Press **Use my phone number instead** on the sign-in page, enter your mobile number and the 6-digit code we text you. Add and verify your number first under **Account › Profile**, Sign-in, so it opens your owner portal.

> GOOD TO KNOW
>
> Email links work for 24 hours, once. If a link has expired, the page it opens has **Send me a new link**.

Who this is for and your first sign-in.

01 **Apply and get your car listed** 5
Apply online, sign, pay the upfront invoice and get your car on the site.

02 **Home and your vehicles** 8
What Home shows, each car's page, adding a car and new listing photos.

03 **Bookings and your own use** 12
The bookings calendar and booking your own car.

04 **Fees, payments and payouts** 14
How fees are billed, the monthly debit, paying an invoice, statements and payouts.

05 **Documents and forms** 19
Agreements, government forms, Forms C and D, and official forms filled for you.

06 **For partner rental companies** 24
The partner portal, the partner agreement, statements and payouts.

07 **Notices, profile and leaving** 25
Notifications, your profile and giving an exit notice.

→ **Quick reference** 28
One page with the essentials.

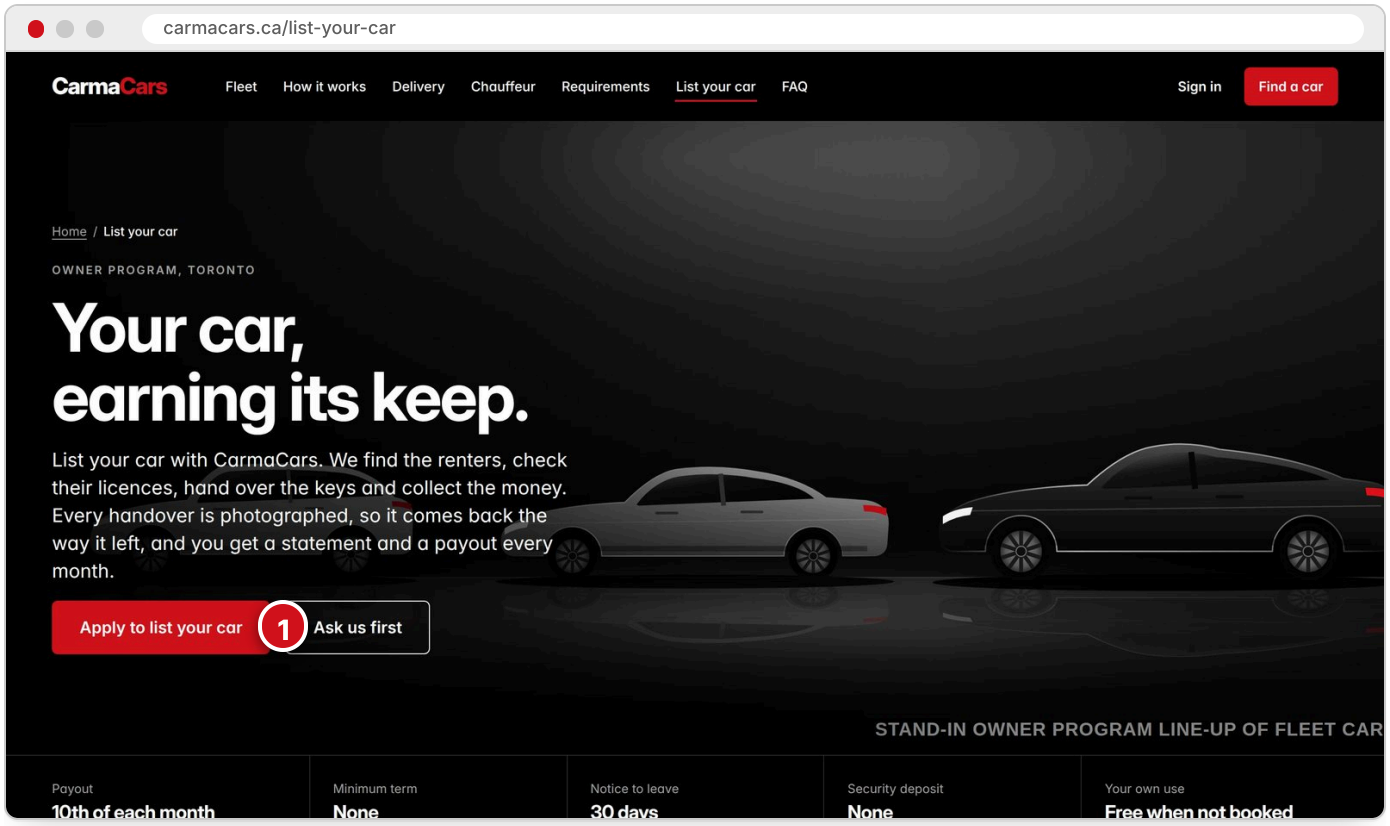

CHAPTER 1

01 Apply and get your car listed

You apply online in about ten minutes. We reply within one business day, set your terms, and walk you through the rest.

Apply to list your car

1. Go to carmacars.ca/list-your-car and press **Apply to list your car**.
2. About you: individual or corporation, your address, licence and date of birth. Press **Continue to vehicles**.
3. For each car, type the VIN: your car is found as you type the last character (Edit if anything is wrong), then tap its colour and answer the rest. Use **Add another vehicle** for more cars.
4. Read how it will work, press **Continue**, then **Review**.
5. Press **Submit application**, then **Go to your owner portal**.

> **TIP** Need a break? **Email me a link** saves your application and sends you a link to finish later.

> **GOOD TO KNOW** No car to add yet? On the vehicle step press **I'll add my car later**, choose your password and press **Open my owner account**. Your owner portal opens with **Add your first car**: press it when you are ready, starting with the VIN.

What happens next

Five steps take your car from your driveway to its first rental.

1	2	3	4	5
Tell us about the car	**Sign the agreements**	**One registry visit**	**Tracker and insurance**	**Photos and listing**
We confirm fees and set your terms	Online, one for all your cars	We fill in the forms and come with you	We install it and add the car	Live within 1 business day

1 When your terms are ready, Home shows **Check and sign**. Everything is filled in from your application: check the short list of key values (each has a **Fix** link) and open any document to read it in full.

2 Tap **All of these** for the three confirmations (your initials are filled in), then press **Sign all**. Your name on file is your signature; prefer to draw it? Press **Draw instead**. One signature covers every document, in about a minute.

3 Pay the upfront invoice: the first and last month's insurance fee for each car (see chapter 4).

4 Upload what each car's checklist asks for: the ownership permit, the lender's permission if it is financed or leased, and insurance.

5 Sign Forms C and D (filled in for you) with witnesses: Form C on screen with your witness beside you, or on paper; Form D on paper, with a photo of each page from your phone (see chapter 5).

If we need a little more

Sometimes we need one more document before we can approve your application, for example the ownership permit or the insurance slip.

1. You get an email, and Home shows "We need a little more" with the list and any note from our team.
2. Upload what is asked, or write Your answer, and press **Send my answer**.
3. We review it within 1 business day. Once we approve your application, you get an email and Home shows Check and sign.

02

CHAPTER 2

Home and your vehicles

Home tells you what to do next. Each car has its own page with its status, terms, bookings, invoices and photos.

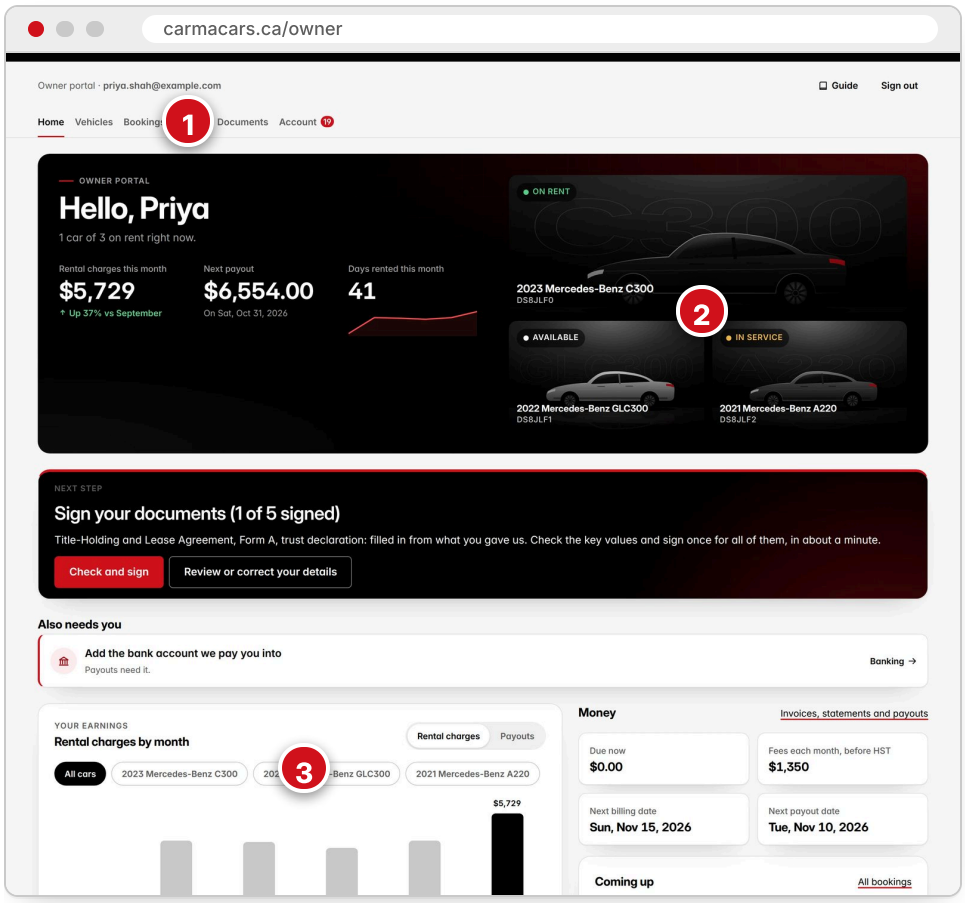

Home at a glance

1 The menu: Home, Vehicles, Bookings, Money (invoices, statements and payouts), Documents and Account (profile, banking and notifications).

2 At the top: each car with its photo and its status right now (On rent, Available or In service), this month's rental charges against last month, the next payout and the days rented this month.

3 Your earnings: a column per month. Press a month, or the arrows, for its bookings, days rented, rental charges, fees billed and the payout on its statement. Choose a car to see it alone, or **Payouts** for the statement amounts. Beside it, Money (what is due now, your fees each month, the next billing date and the next payout date) and Coming up, your next bookings.

4 Your vehicles: each car with this month so far, its next booking and what it needs next. Got another car? Press **Add a vehicle**.

> **TIP** When something needs you (a signature, a payment or an upload), it is the first thing on Home.

A car's page

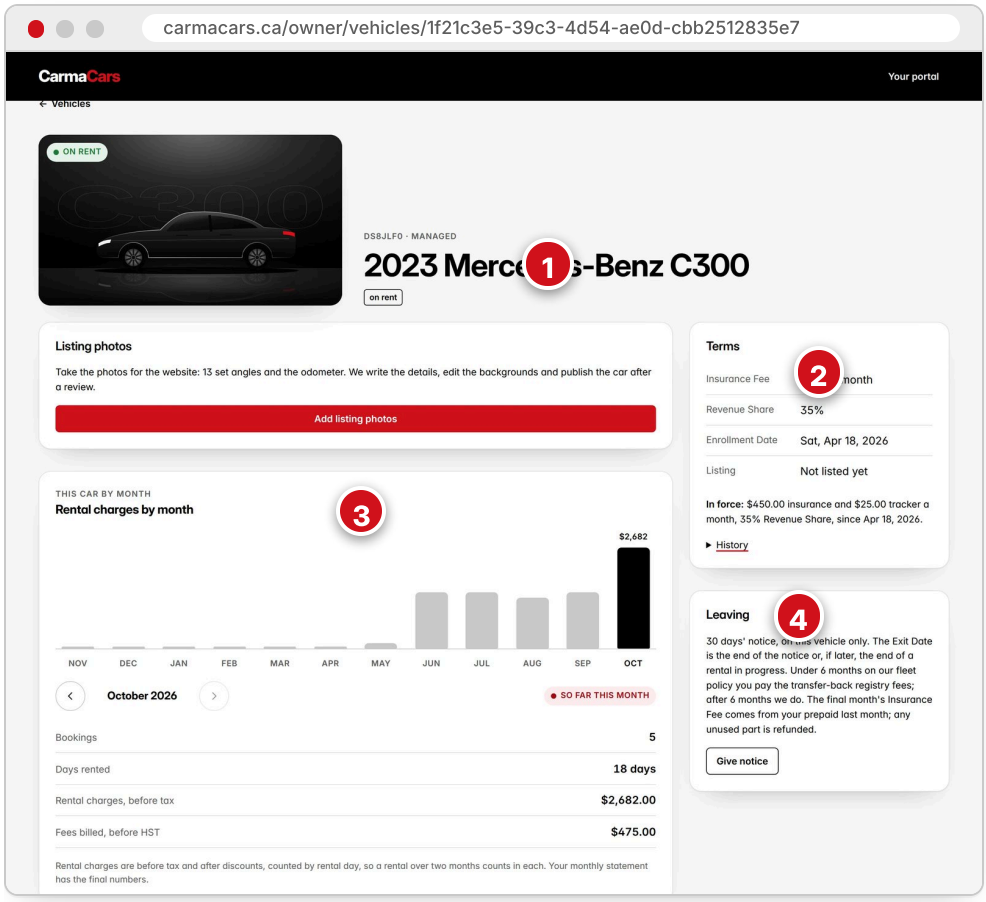

Open Vehicles, then a car.

1 The top shows the car's photo, its plate, how it is enrolled and its status right now.

2 Terms: the Insurance Fee, the Revenue Share, your enrolment date and a link to the listing.

3 This car by month (choose a month with the arrows or its column), Coming up, and Bookings with every trip in your car. **Book it for myself** reserves it for you.

4 Leaving explains the exit notice and has the button to give it.

While a car is being set up, its page also shows the onboarding checklist and the uploads it still needs: the ownership permit, the lender's permission and the insurance.

Service and maintenance

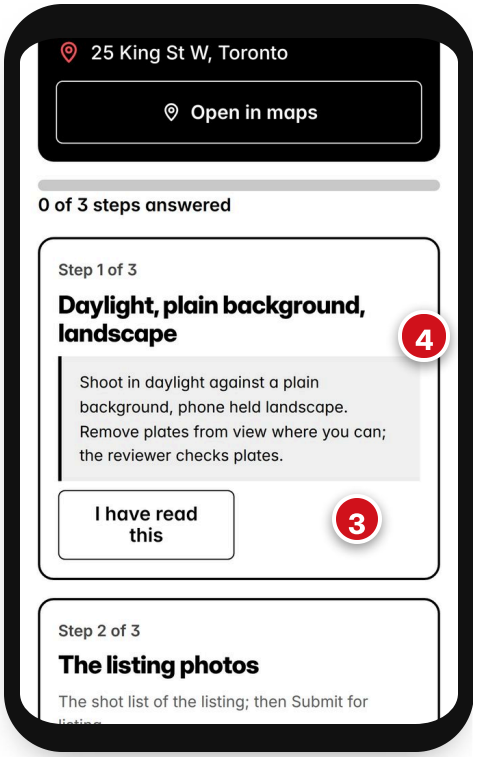

On a car's page, under Service and maintenance.

- What is due on your car (oil change, tires, brakes, inspections, the registration) and the tires on it.
- Every service we recorded: the date, the odometer, the shop, what was done and who paid.
- You pay for maintenance and routine wear (your agreement, 11.1). A service we paid for shows its amount and is deducted on your next statement as an owner cost.
- It is read only: call or message us about a service.

Take new listing photos

Good photos get more bookings. You can shoot them yourself with your phone.

1. On the car's page, press **Add listing photos** (or **Take new photos** for a car already live).
2. Read the tips for each shot: daylight, a plain background, the phone held landscape.
3. Press **Take photo** for each shot in the list. Press **Retake** if one is not right.
4. The bar shows how many required photos you have.
5. Press **Submit for listing**. New photos replace the current ones once our team approves them.

CHAPTER 3

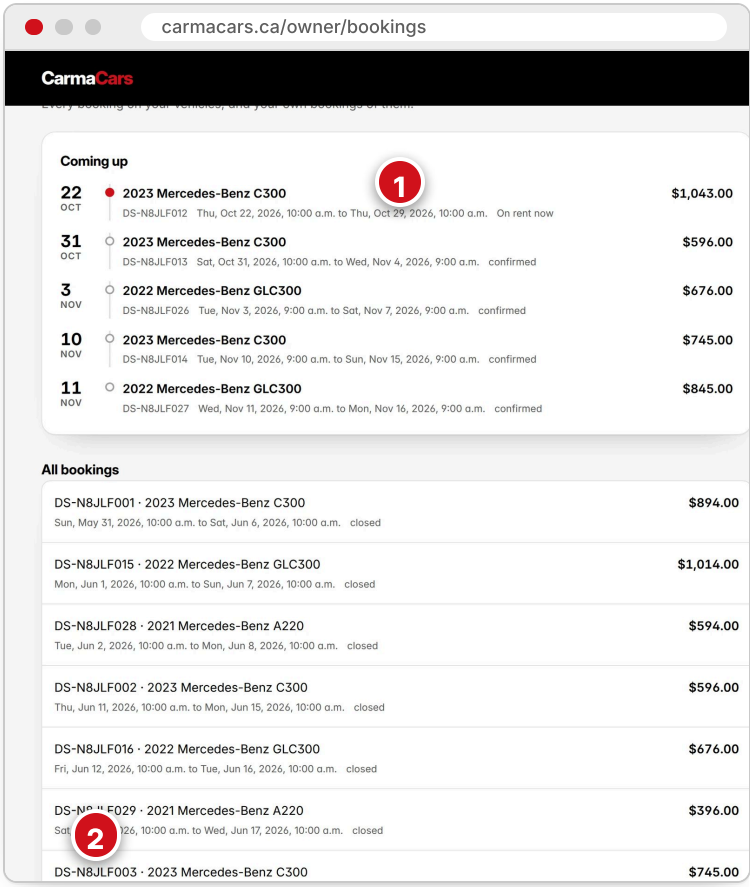

03 Bookings and your own use

See every booking in your cars on a calendar, and book a car for yourself when it is free.

See your bookings

1 Bookings shows two months of your cars on a calendar. Each block is a booking number.

2 All bookings lists every trip with its car, dates, amount and status.

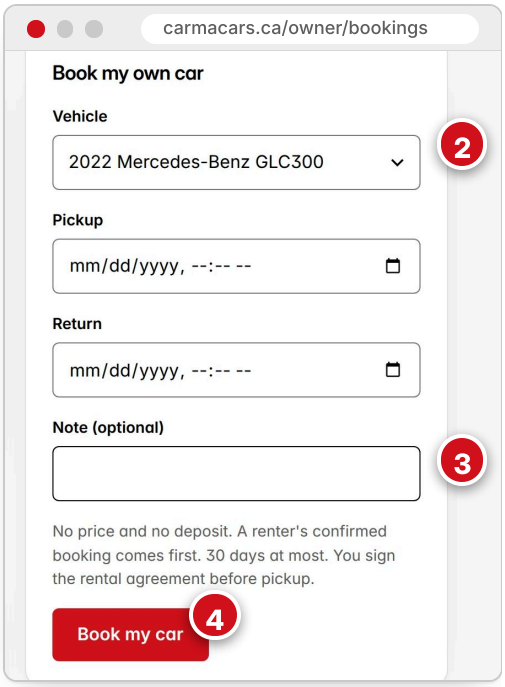

GOOD TO KNOW

A booking can show as Booked, with its dates and no amount: its amounts show once we approve the statement that covers it, and your statement always includes every booking. Unavailable is time your car is in use by us with no revenue for you (for example an insurance hold). A booking expense or a Revenue Share set for one booking is listed on that booking with the reason, and on your statement.

Book your own car

You pay no rental charge, fee or deposit. A renter's confirmed booking comes first.

1. Open Bookings and use **Book my own car** on the right (or **Book it for myself** on the car's page).
2. Choose the Vehicle, then the Pickup and Return date and time.
3. Add a Note (optional) for our team.
4. Press **Book my car**. You sign the same agreement a renter signs.

GOOD TO KNOW

No price and no deposit apply to you. One booking can be 30 days at most, and you sign the rental agreement before pickup.

CHAPTER 4

04 Fees, payments and payouts

Your fees are debited from your bank account on the 15th, after a notice. Your payout for the month before arrives on the 10th, with a statement.

How your fees work

- Each car has two monthly fees: an insurance fee and a tracker fee. They are due every month, rented or not.
- The tracker fee starts the day the car's tracker is installed. The tracker install fee has its own invoice.
- Before a car goes live you pay the first and last month amount we agreed with you (usually two months of the insurance fee, or the exact amount we agreed).
- Your amounts are the ones we agreed for each car, to the cent. Any other fee we agreed, for example a registration fee, comes on its own invoice with each line, its quantity and whether HST applies.
- Vehicles shows each car's terms: the insurance fee and tracker fee a month and the Revenue Share, since when they apply, and any change coming. Open a car for its History: every period of terms and every notice we sent (Download the notice).
- Lower amounts apply from the date in our notice. A higher fee comes with 30 days' written notice; a higher Revenue Share applies only if you sign an updated Vehicle Schedule. A month whose fee changes part way is billed per day at each amount.
- One invoice per car. Registry, inspection and appraisal costs are not billed by us unless we agreed to pay them for you; then they are on an invoice of their own.

An invoice we cancel shows Void with the reason, and the invoice that replaces it. Nothing is debited for a void invoice. Every invoice has Download PDF.

The monthly debit, step by step

1	2	3	4
Notice day	**The 15th**	**Cleared**	**Insufficient funds?**
10 days before: your invoices and one email with the total	Each invoice is debited from your account	The invoice shows Paid and you get a receipt	A $50.00 Late Fee once, and the same amount tried again within 30 days

- A debit is never more than its notice said. Each invoice shows "will be debited on" with the date.

- If your bank returns a debit for insufficient funds, we add the $50.00 Late Fee to that invoice once and try the original amount again within 30 days, as section 4.4 of your Enrollment Agreement sets out. The Late Fee is collected with your next debit.
- Returned for another reason (for example a closed account)? We do not try again and add no Late Fee. We pause your debit and email you: pay the invoice from its page, or set up a new account under Account > Banking.
- Returned again after the retry? The invoice is in arrears and we contact you.
- You can always pay an invoice by card from its page before the debit day.
- On your bank statement the debit shows our company's legal name, operating as CarmaCars.

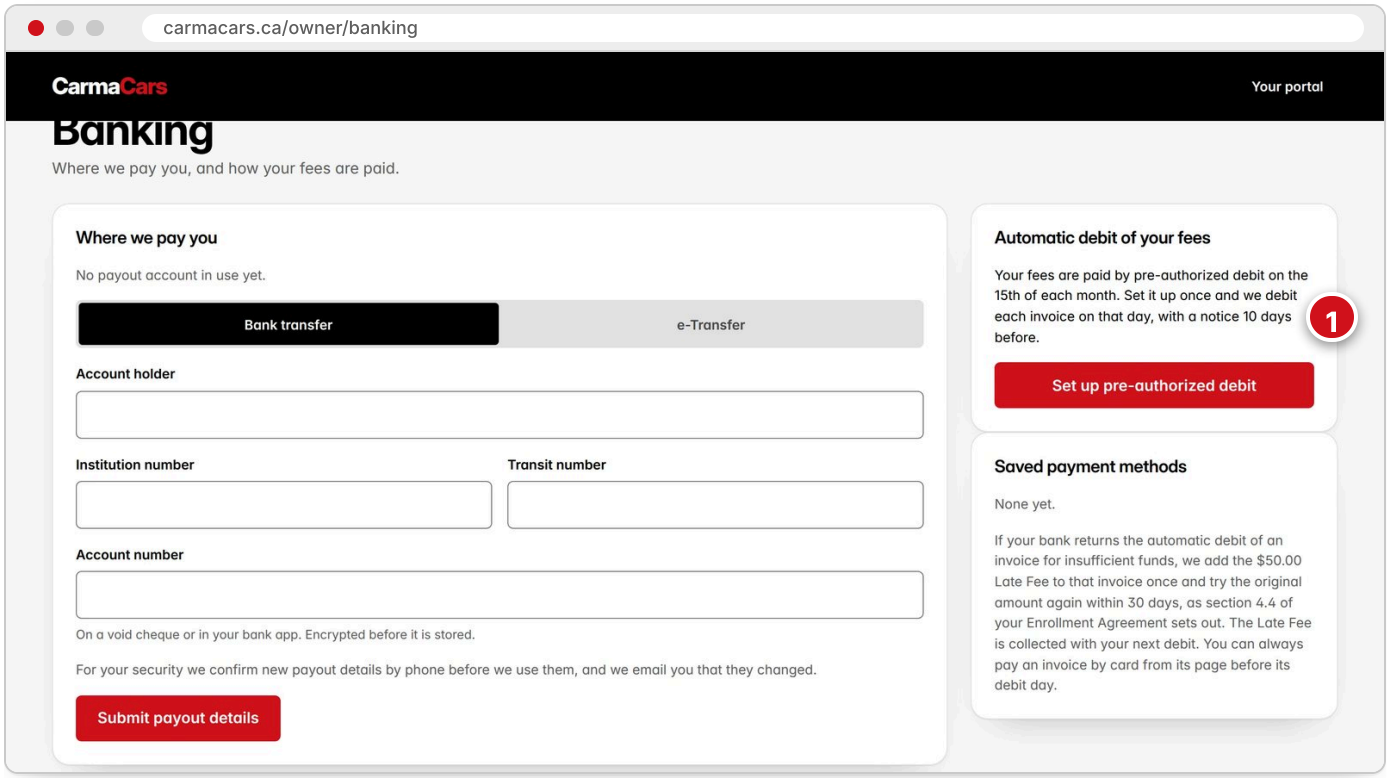

Set up the automatic debit

Do this once. Without it, we email you on each notice day to set it up.

1 Open **Account › Banking**. Under Automatic debit of your fees, press **Set up pre-authorized debit**.

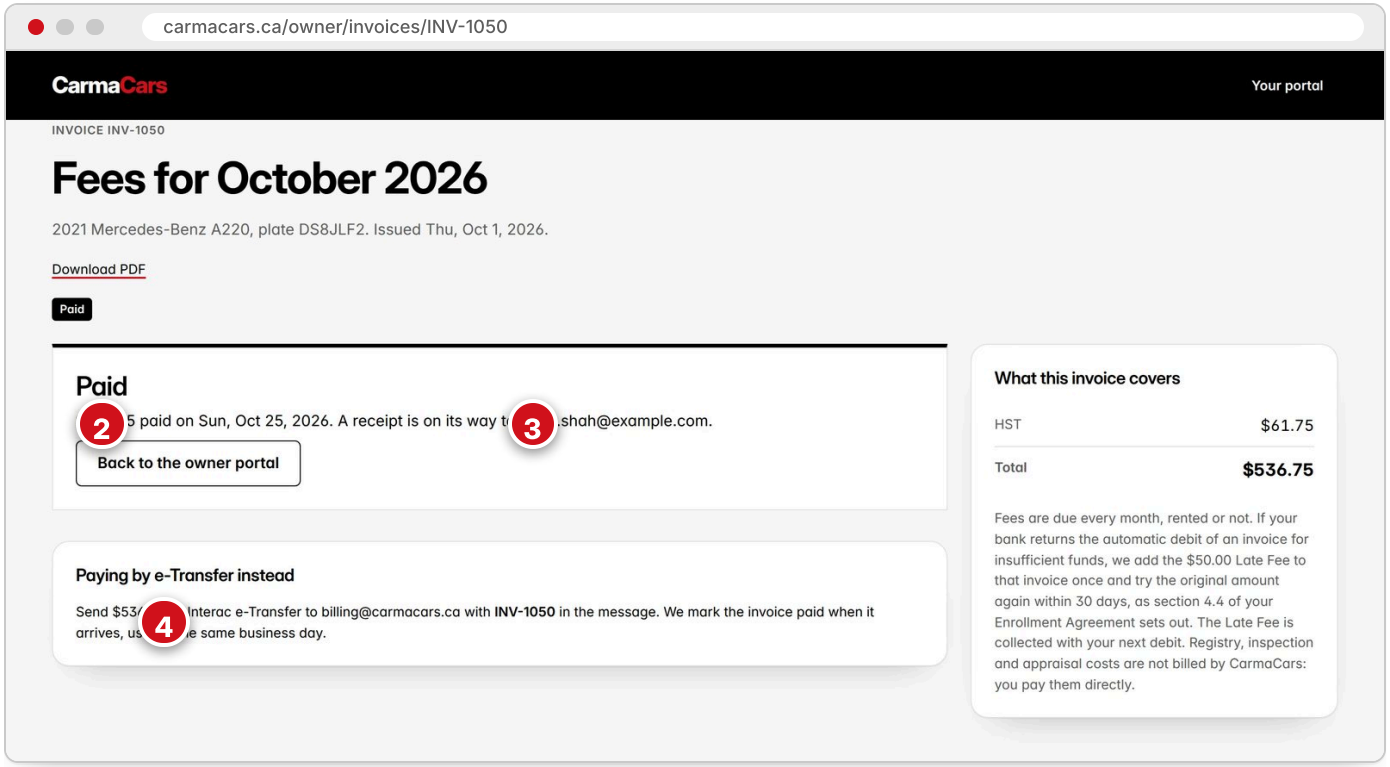

2 Read the agreement and press **Continue to my bank details**.

3 Enter your bank details and press **Save the bank account**. Banking then shows the account and the next debit.

Pay an invoice now

1. Open Invoices, then the invoice. It lists what it covers and the balance.
2. Choose Card (paid at once) and press **Pay $....**
3. Or choose Pre-authorized debit (from a Canadian bank account, clears in 3 to 5 business days) and press **Authorize debit of $....**
4. Prefer Interac e-Transfer? Send the amount to billing@carmacars.ca with the invoice number in the message.

TIP

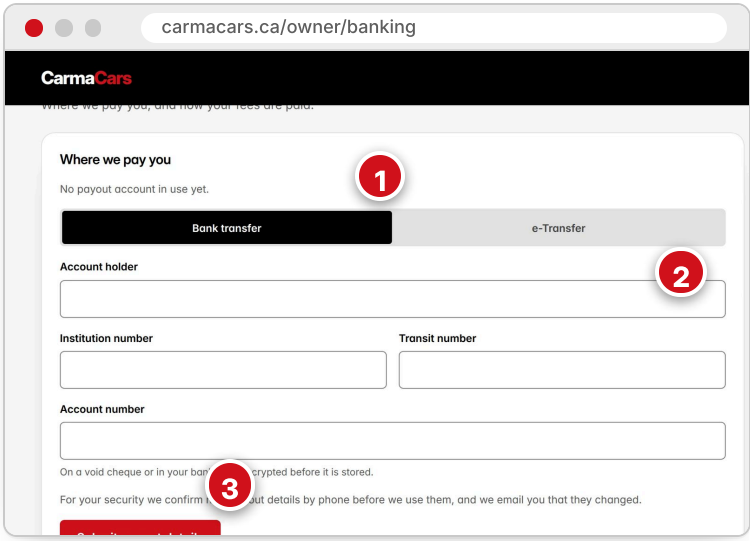

Paid us by e-Transfer, cheque, cash or bank transfer? Once we record it, the invoice says "Paid by e-Transfer on" the date, you get a receipt by email, and the automatic debit does not take that amount. Paid part of it? The invoice shows Partly paid and only the rest is debited.

Tell us where to pay you

1 Open **Account › Banking**. Under Where we pay you, choose Bank transfer or e-Transfer.

2 Fill in Account holder, Institution number, Transit number and Account number (or your e-Transfer email).

3 Press **Submit payout details**. For your security we confirm new details by phone before we use them.

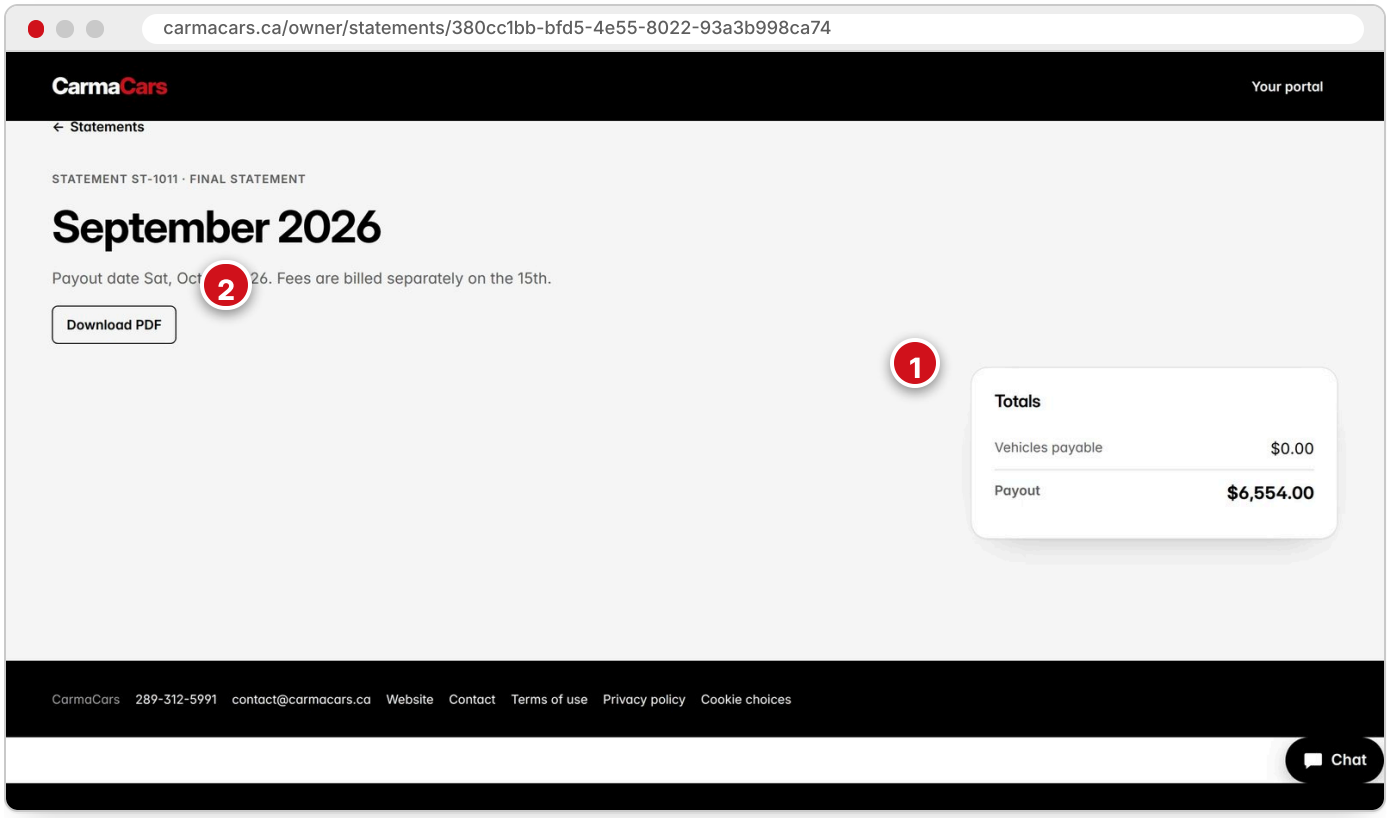

Statements and payouts

1 This month so far, at the top of Statements: the rentals finished this month, your Owner Revenue, the Revenue Share, fees and deductions and the expected payout, worked out live and marked Provisional. Rentals still under way are listed below it.

2 Statements: one a month, once approved by CarmaCars; the approved statement is the final one. Open one to see every booking, the revenue share, deductions and the payout.

3 Press **Download PDF** to keep a copy. We also email it to you with the PDF attached.

4 Payouts shows what was paid to you and when. Payouts are made on the 10th for the month before.

CHAPTER 5

05 Documents and forms

Your signed agreements, uploads and government forms are under Documents. Some forms are filled for you; Forms C and D are signed with witnesses.

Sign everything at once

Everything you sign on screen is in one place: Home shows how many are signed ("2 of 5 signed") and opens it with Check and sign.

1. Press **Check and sign** on Home (or open carmacars.ca/owner/sign). The list at the top shows each document: signed, in this package, or done elsewhere (Forms C and D, the bank debit).
2. Check the key values: your name, address, each car with its VIN and plate, your fees and Revenue Share. Something wrong? Press **Fix** next to it, change it, and come back.
3. Open any document to read it word for word: the agreements, the schedules and Forms A and B. The official registry forms are not in it: they are printed and signed in ink.
4. Tap **All of these** for the statements the agreement asks you to initial (your initials are filled in), then press **Sign all**.
5. Your name on file is your signature. One signature is applied to each document; CarmaCars countersigns at the same moment and every signed copy is in Documents.

TWO OWNERS A car with a second owner on its ownership? Each owner named in the Title Schedule signs. The other owner gets their own link by email and signs the same documents on their phone or computer. The agreements take effect when the last owner signs; CarmaCars countersigns then.

GOOD TO KNOW Form A (the trust declaration) is for cars under the Co-Registrant or Transfer method; Form B (the lease summary) for cars under a Lease method. No witness is needed: they are in the same package. You can also sign one on its own page from Documents.

> **TIP** Signed one of your documents on paper instead? Send us the scan. Once we record it, Documents shows it as Signed on paper and we do not ask again.

We set up your car for you

When our team enters your car for you, you get one email: review the details and sign.

1. No sign-in yet? The email has a link to choose your password. It works once, for 24 hours; after that use Forgot password on the sign-in page.
2. Open carmacars.ca/owner/review (Home has **Review or correct your details**). Check your phone and address, and each car: plate, colour, odometer, your insurer and your lender. The terms we agreed are shown too.
3. Something wrong? Correct it and press **Save corrections**. Your documents are filled in again and we are told. A term you did not agree to: message us before you sign.
4. Everything right? Press **Everything is right: sign** and sign once.

Sign an updated Vehicle Schedule

When we agree new terms for a car you already signed for, you sign an updated Vehicle Schedule. Home shows it first.

1. Open it from Home or the email. It shows what changes (now and updated) and the date it applies from.
2. Read the text, tick that you agree, type your full legal name and press **Sign**.
3. Your current terms stay until you sign. After that, your invoices and statements use the new ones from the date.

Form C on screen, with your witness beside you

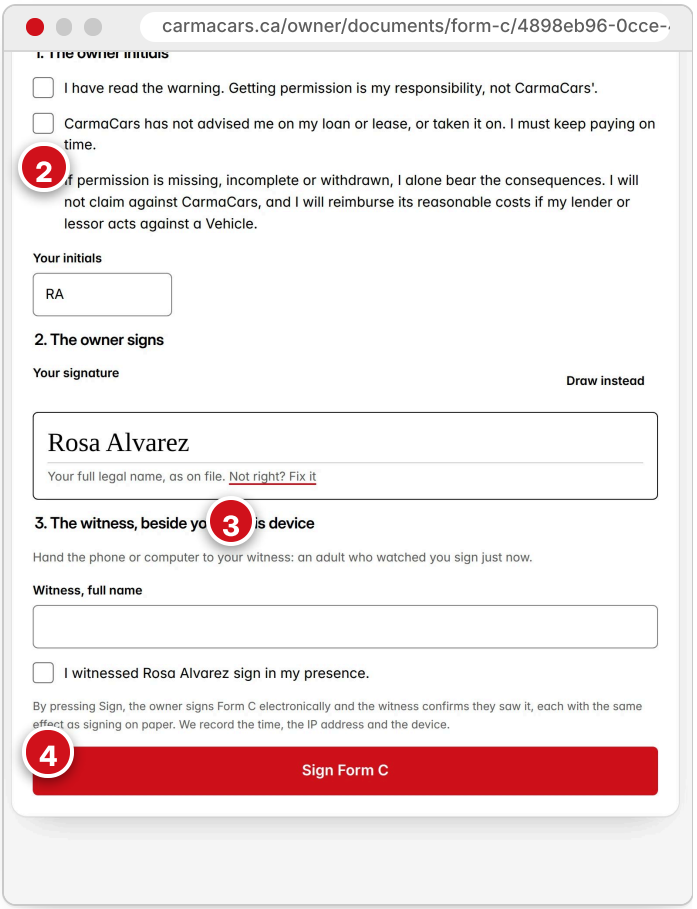

Form C is the lender or lessor permission for a financed or leased car. It needs one witness, and you can sign it on screen when your witness is with you.

1 Open Documents. Under Forms to sign with witnesses, press Sign Form C on screen instead.

2 Initial each of the three acknowledgments, and type Your initials.

3 Sign: draw your signature in the box, or use your name.

4 Hand the device to your witness, another adult. They type their full name and tick the statement "I witnessed (your name) sign in my presence." Press **Sign Form C**.

Forms C and D on paper, signed with witnesses

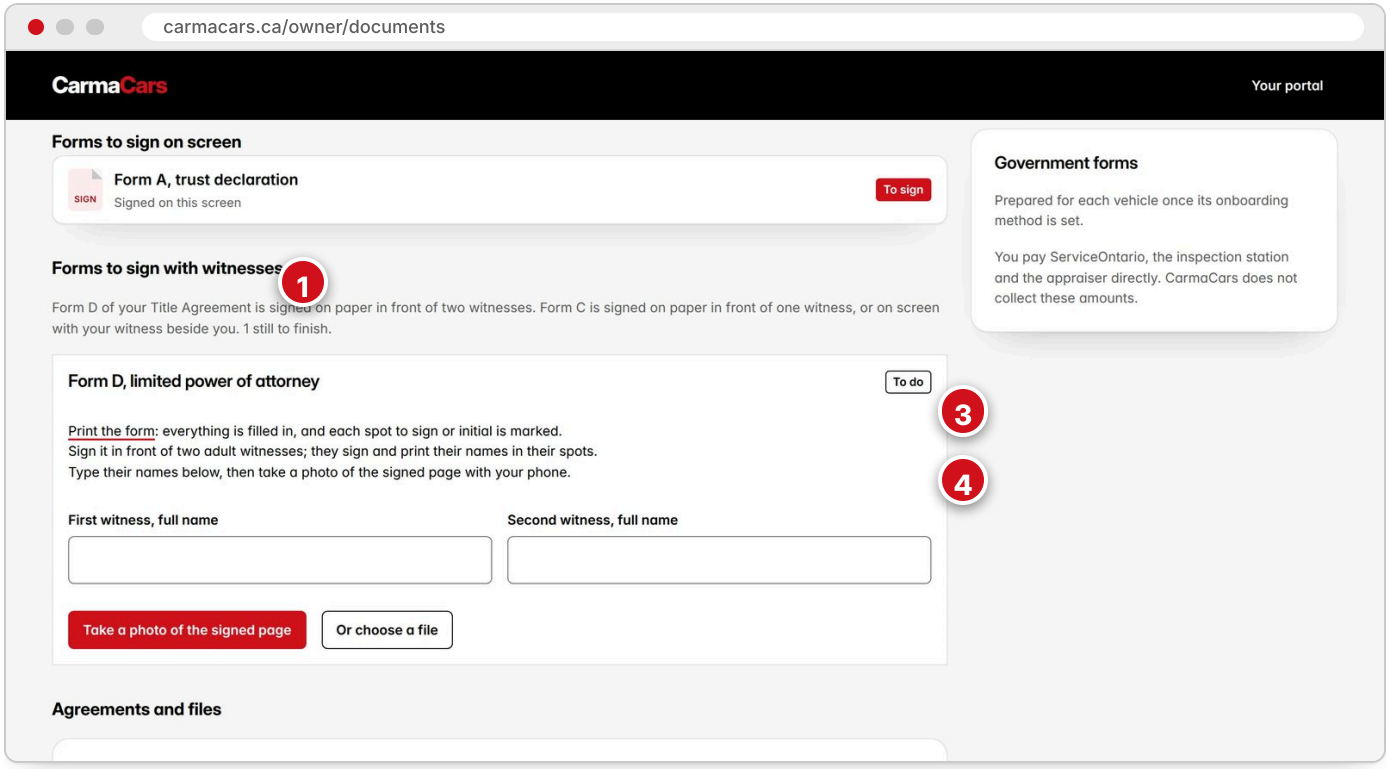

Form D is a limited power of attorney (two witnesses), signed on paper. Form C can be signed on paper too, with one witness.

1 Open Documents. Under Forms to sign with witnesses, press **Print the form**. It is filled in, and every spot to sign or initial is marked SIGN HERE or INITIAL HERE.

2 Sign it in front of your witnesses. They sign and print their names in their spots.

3 Type each witness's full name in the boxes.

4 On your phone, press **Take a photo of the signed page**: one photo of each page. A PDF scan works too (**Or choose a file**).

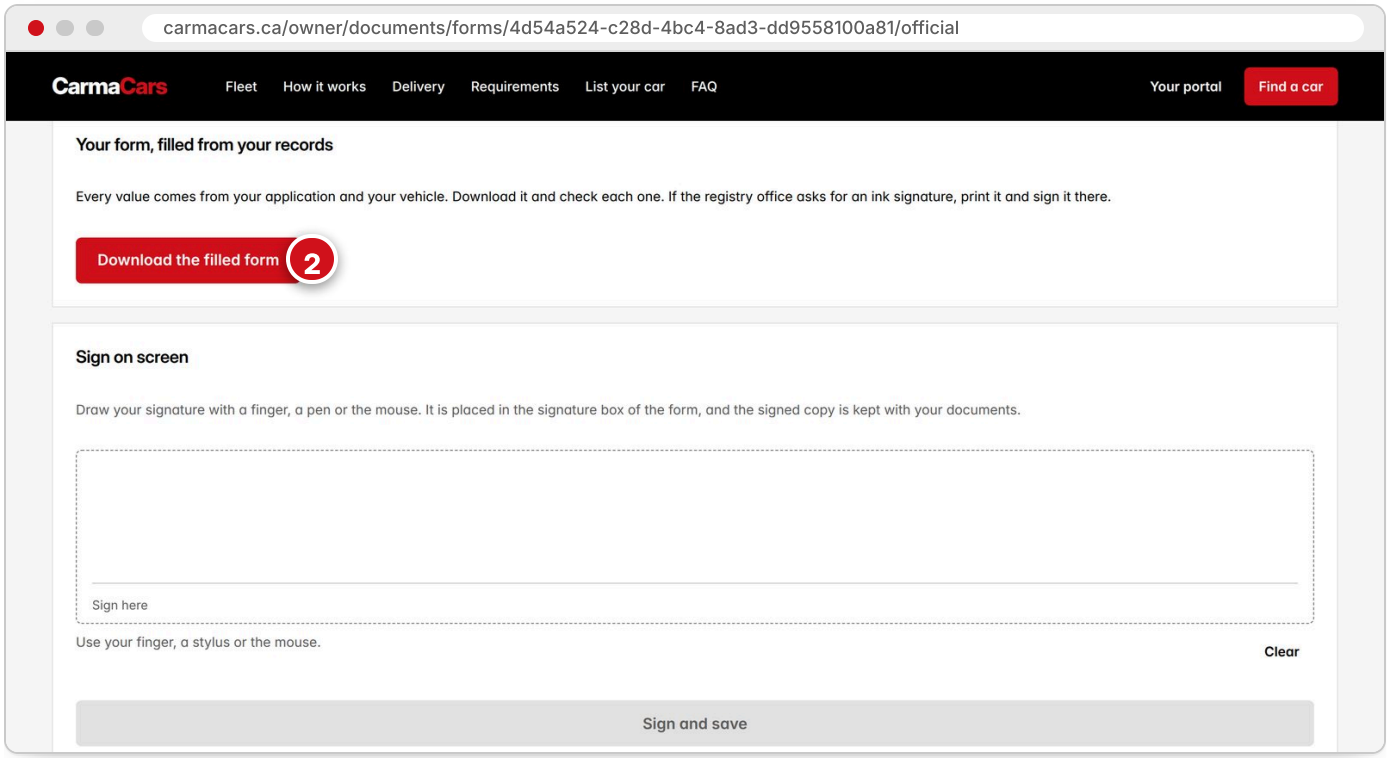

TIP We check the photo and approve it, or send it back with what to fix. You get an email either way, and the page shows the status.

GOOD TO KNOW Why paper for Form D? It is a power of attorney, which cannot be signed electronically in Ontario, and its two witnesses sign in person.

Government forms filled for you

Each car's registry forms are prepared from your records. Until we load the official PDF, you get a data sheet with the values.

1. Open Documents and choose a form marked "Official form, filled for you".
2. Press **Download the filled form** and check each value.
3. Print it and sign it in ink. It is the official ServiceOntario form exactly as ServiceOntario publishes it, with only its empty text boxes filled in. Its boxes to tick and its signatures are done by hand, at the registry office or before you go, as we tell you.

GOOD TO KNOW

ON00453 (a company's registrant number) is an Adobe form: open it in Adobe Acrobat Reader (free) to see and print it. Other PDF viewers show a blank page, as they do with the form downloaded from ServiceOntario.

WATCH OUT

Official registry forms are never signed on screen. You pay ServiceOntario, the inspection station and the appraiser directly.

CHAPTER 6

06 For partner rental companies

A partner rental company uses this same portal. CarmaCars rents out your cars, keeps its commission and pays you the rest each month.

Your partner portal

1. Home shows your partner number, our commission and your cars. CarmaCars adds your cars once we agree which ones join.
2. Vehicles and Bookings show each car and its rentals. There are no program fees, so there is no Invoices page.
3. Statements and Payouts: a statement for each month and the payment of your share.

Sign the partner agreement

Press **Check and sign** on Home, or open **Documents › Partner agreement**.

1. Check the key values at the top: who signs, your address, our commission, your insurance and your cars. The agreement is filled in from your partner record; open it to read it in full.
2. Something wrong? Tell us before you sign and we fix it.
3. Press **Sign**. Your name on file is your signature (or press **Draw instead**). CarmaCars countersigns at once and the signed copy is in Documents.

> **TIP** Your insurance covers your cars. We remind you before it expires: send us the new certificate and we record the new expiry.

> **TIP** Prefer paper? Ask us for a copy, sign it and send us the scan. We record it and it counts the same.

CHAPTER 7

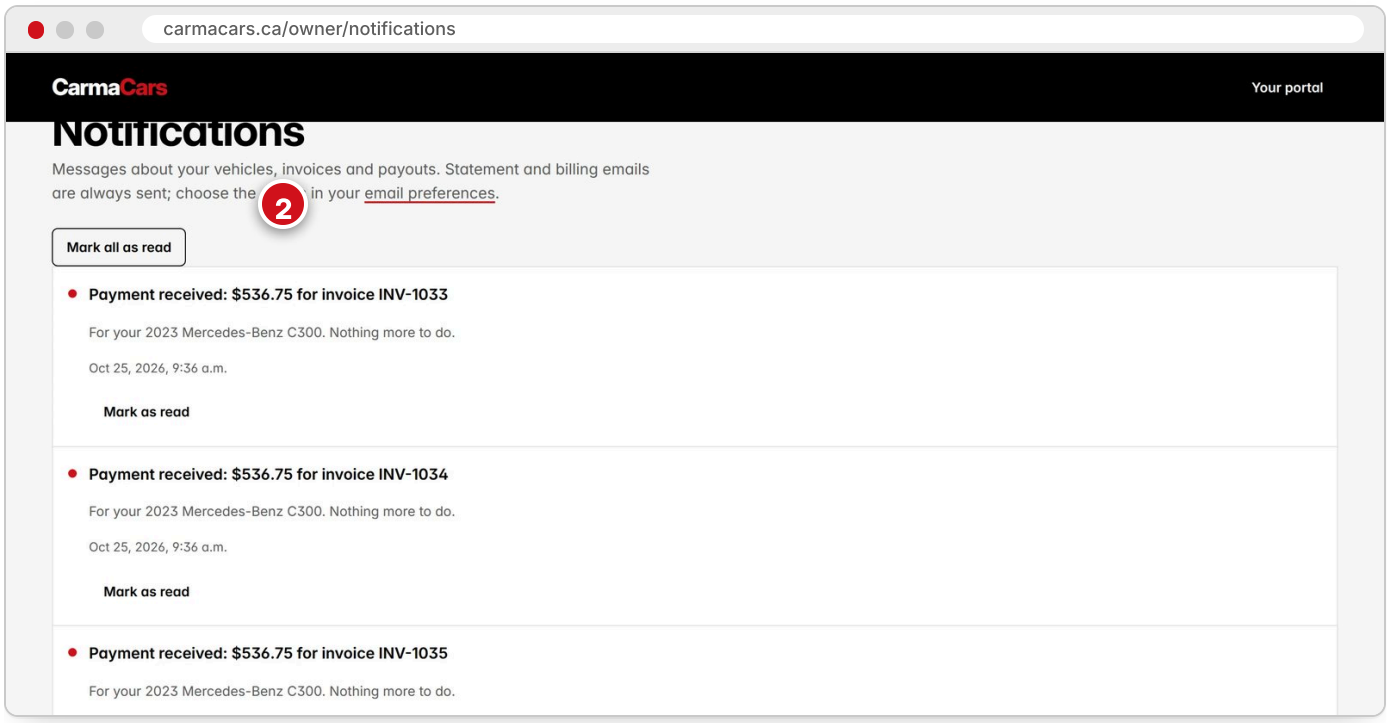

07 Notices, profile and leaving

Keep your details up to date, read our notices, and know how to take a car out of the program.

Notifications

1 Notifications lists our messages: new bookings, changes to a booking, payments and listing news.

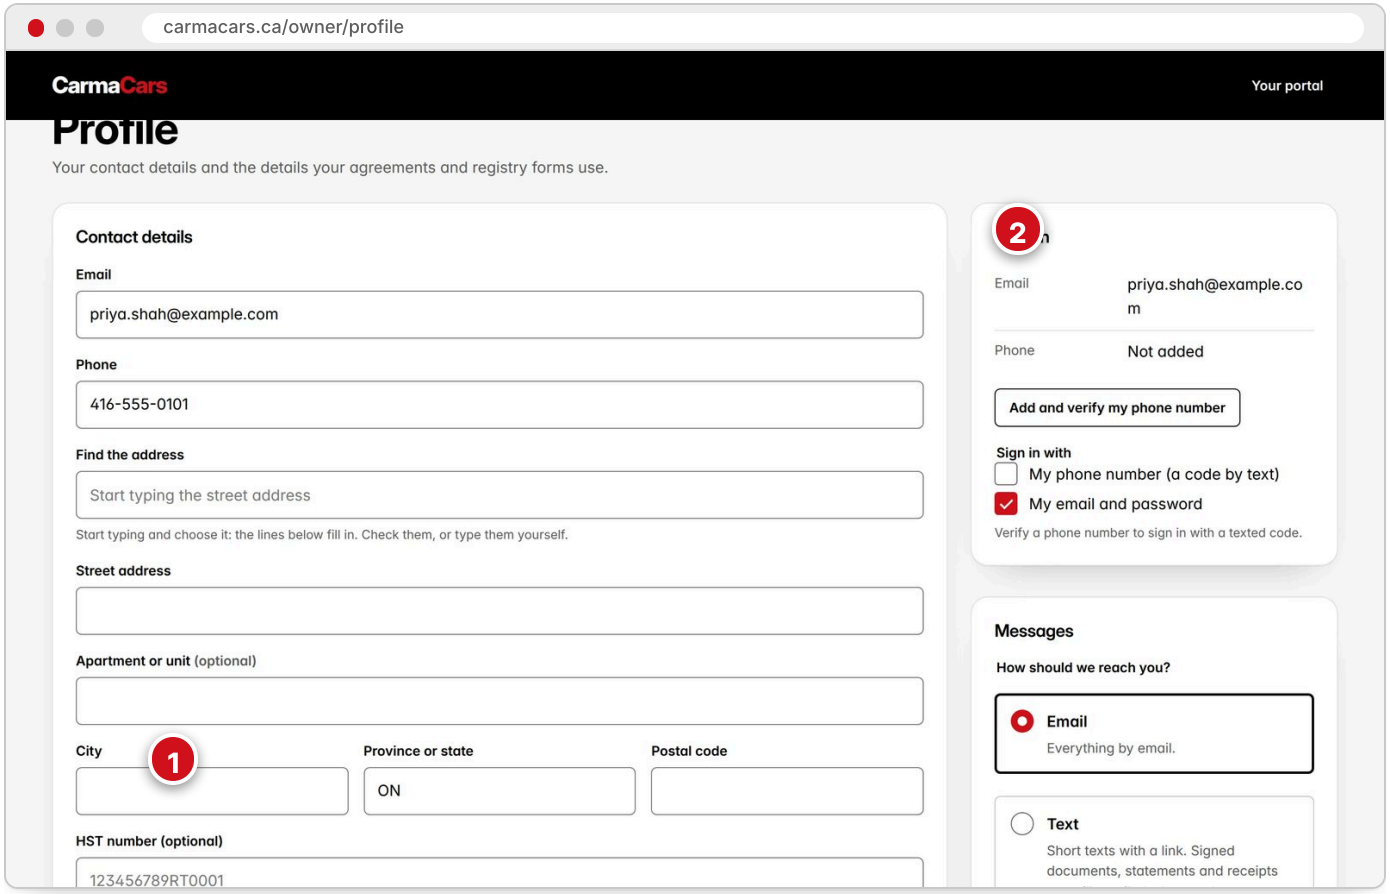

2 Press **Mark as read** on one, or **Mark all as read**.

Your profile

1 Update your email, phone and address, then press Save.

2 On your agreements shows your legal name and how you are enrolled. A change to these means new agreements, so call or message us.

Texts or email

On **Account** › **Profile**, under **Messages**, choose **Email**, **Text** or **Both**: new bookings, payouts, invoices and documents to sign by a short text with a link. Texts need a phone you verified with a code. Statements, invoices and signed documents are always emailed too. Reply STOP to any text to stop them.

Take a car out of the program

You give 30 days' notice for that car only. Your other cars stay in.

1. Open Vehicles and the car. Read Leaving: when the notice ends and what happens to your last fees.
2. Press **Give notice**. Add a Reason (optional).
3. Press **Give exit notice**. The car's page then shows its exit date.

KEEP THIS PAGE HANDY
